## BORNEMANN WARD CONTRACT BEFORE COUNCIL MONDAY

Hospital Trustees Opened Bids, Which Exceed the Amount of Bequest

Interest on \$2,500 Will Maintain it.

R. T. Davis Is Lowest Bidder

R. T. Davis submitted the lowest bid for the contract for erecting the Bornemann ward to the city hospital. The bids were opened yesterday by the Riverside hospital board. Mayor James P. Smith, Aldermen Ed Hannan and Dr. Horace Rivers, S. B. Pulliam being present. The board did not close the contract, but will submit the bids as opened, to the general council, which was appointed a special committee to let the contract.

Davis' bid was \$2,734. The amount bequeathed the hospital by William Bornemann was \$2,500, but the members of the finance committee of the general council, expecting the cost to exceed the fund, said they would recommend an additional appropriation, not exceeding \$500 to make the bequest available.

The other bidders were: Gus Lockwood, \$2,898; J. W. Lockwood & Son, \$2,827; C. Fritz \$2,890.50; R. McMahon, \$2,776.75; J. M. Byrd, \$2,874; Jack Cole, \$2,895; W. M. Karnes & Son, \$2,819.

William Bornemann bequeathed \$2,500 for the maintenance of a ward at Riverside hospital, the fund to be invested by the board. The trustees did not think it wise to make a short time investment, and suggested that the city borrow the money and bid itself to pay into the Riverside hospital fund each year for 50 years an amount equal to five percent interest on \$2,500, at the same time using the principal to construct the ward. In this way the fund is safely invested, insuring a compliance with the trust, and the hospital has the benefit of both the principal and the interest.

The general council agreed to this, and the money was turned over by the administration of the Bornemann estate in the hospital board. It is on deposit in the name of the Mayor James P. Smith, president ex officio of the board of trustees of Riverside hospital.

The trustees, however, did not care to assume the responsibility of letting the contract, especially since it will be necessary for the city to augment the fund to the amount the contract price exceeds \$2,500, and the matter will be submitted to the general council Monday night, when final action probably will be taken.

## IN SHAFING

CHARLES REEVES WAS CAUGHT AND KILLED.

Brookport Sawyer Meets Violent End at Margrave Mill Yesterday.

Brookport, Ill., April 30.—Whirlwind around the shafting Charles A. Reeves, head Sawyer at the Margrave saw mill, was instantly killed yesterday afternoon. His spine was fractured in several places. At the time of the accident Mr. Reeves was standing near the flywheel, which was revolving at high speed, trying to remove the belt with a stick. The wheel slipped, and he fell against the belt. Before he could escape he was carried around the wheel several times, and his bones were crushed, but the skull was not broken. Mr. Reeves was a Mason and a well known citizen of Brookport. He is survived by a wife and several children.

CONCERT AT THE PARK ON SUNDAY AFTERNOON.

Feeling sure that the alluring weather of yesterday and today will continue over Sunday, and that many persons will desire to visit Wallace park, Mr. Sewell has arranged to entertain park patrons with a concert, and Deal's band will on Sunday afternoon render one of their popular programs. The regular opening of the park does not occur until two weeks later, but the present management

## Not Welcome, But Arrest Awaiting Arrival of Alleged Red Thompson in Birmingham, Message Declares

Captain J. F. Thompson, of Steamer Lulu Warren Informs Sun Luther Thompson Left Him April 27.

TO PADUCAH EVENING SUN: DAYTON, TENN., APRIL 30.—LUTHER (RED) THOMPSON LEFT ME APRIL 27TH.—CAPT. J. F. THOMPSON.

The foregoing telegram came in answer to a wire sent out two days ago by The Evening Sun in search of Captain Thompson. Immediately, the following query was dashed to Captain Thompson: "How long had Luther Thompson been with you? Where did he go? Did he take train?"

Birmingham, Ala., April 30. (Special.)—Mr. James Wellie, of 127 1/2 South Twelfth street, with whom Mrs. Lum Thompson lives, called on the police today and told them that if the person, impersonating her son, Luther Thompson, comes to Birmingham, Mrs. Thompson desires him arrested. She stated positively that there can be no doubt as to the identification of the boy, who was murdered in Paducah, Ky., April 16. Not only did she find the marks of identification on the body, but friends and associates of his from childhood in Decatur identified him.

Mrs. Thompson is greatly concerned over the turn affairs have taken, especially since a local paper this morning contained a story, announcing the fact that he had arrived in Birmingham. Mrs. Thompson and Mr. Wellie believe the whole story originated in Paducah.

And they doubt whether any communication was received from East Tennessee from a supposed Luther Thompson.

Suspects Got Letters. Both Bert Hale and Albert received letters this morning from relatives. In the letter to Hale a friend advised him to tell everything he knows connected with the murder. If he is aware of the crime, his friends are coming to his aid with money. In Guire's letter it was stated that the Chattanooga Times had a letter from Red Thompson, and said, if necessary, he would be located.

Police Never Waver. Whatever wild theories other people have gone astray after, credit must be given the Paducah police department for consistency in the investigation of the Luther Thompson murder mystery, of April 16. Within 12 hours after the body of the unknown youth was found in the field near the Pool road, a half mile from the city limits, two men, Bert Guire and Albert Hale, were arrested as suspects, afterward sentenced to 10 days each for vagrancy and then held on warrants.

Within 48 hours after the discovery of the body it was identified as that of Luther (Red) Thompson, a companion and fellow townsman of Guire's, and in 10 days the mother of the supposed dead boy was found and brought to Paducah.

## Thompson Declines To Let Go His Job.

As an answer to the notice of the committee that he must vacate the county sanitarium by May 1, W. A. Thompson, the keeper, today said that he would remain until the expiration of his contract in October unless forced to leave by the courts. The committee notified Mr. Thompson that he must leave by May 1, and offered to purchase his equipment at a price agreed upon by disinterested persons. Thompson says he will remain at the sanitarium for the purpose of attending to his duties and will force the county to take the first steps in litigation.

FATAL KNOCKOUT. San Francisco, April 30.—Tommy McCarthy, the light weight pugilist, died here at 3 o'clock this morning as the result of a knockout by Owen Moran last night. He never regained consciousness. Moran is in jail. McCarthy's skull was fractured at the base of the brain by a terrific blow on the jaw. Hundreds of telegrams were received today by telegraph nor Gillette, requesting the cancellation of the Jeffries-Johnson match and driving from the state forever all pugilism.

## CARPENTERS TO STRIKE MAY DAY

UNLESS WAGE SCALE IS AGREED UPON BEFORE MONDAY.

Tonight the wage scale between the Carpenters' union and the contractors will expire, and it is doubtful whether any union carpenters will be at work Monday. It is understood that one contractor has signed the wage scale, calling for \$3.60 a day, an increase of 60 cents on a day of eight hours. The contractors met this week and it is said offered a compromise of \$3.30 a day to the carpenters. Some of the contractors ceased work today at noon, owing to the fact that they did not desire to start new work with the probability of a strike Monday.

## Can't Tell How He Got Hurt

Found in a dazed condition, C. E. Howland, a fireman on the Illinois Central railroad, was brought to the Illinois Central hospital yesterday afternoon from Central City. There are bruises about his face and body, but Howland is unable to tell how he received the injury, and remembers nothing about an accident. Today he was resting easy at the hospital and will recover.

Will Install Pastor. Metropolis, Ill., April 30. (Special.)—Presbyterians are preparing for the installation of their new pastor, the Rev. Mr. Peas, next Thursday night, when representatives of the Presbytery will be present. The Rev. E. B. Landis, of the Kentucky Avenue church, Paducah, will be present.

## Weston Nearing Goal

Flunked on Hudson, N. Y., April 30.—Going at a ten minutes-to-the-mile clip, Weston passed through here at six this morning. He was planning to make Yonkers to rest to night and reach New York City at noon Monday.

## Ritchey Exonerated

W. A. Ritchey was acquitted of the charge of stealing chickens this morning in the court of Magistrate C. W. Emery. The evidence showed that Mr. Ritchey, who has a good reputation, was the innocent purchaser of stolen chickens. The warrant against him was dismissed and the county officials are looking for the guilty persons.

## Thompson Declines To Let Go His Job.

In Ballard County. After the Ballard grand jury inspected the poor house, it recommended the purchase of a new farm and house. The woman says: This body of men were shocked to find the poor inmates housed in a "miserable shack" as they called it, which leaked badly, with great cracks in the floor, the poorest excuse for heating the single hut and the pitiful inmates housed in misery and wretchedness. Consumption, dropsy, a woman and child and a poor fellow with both legs recently amputated were all crowded together, with no privacy of any kind for dressing or taking a bath.

## HAGUE GARBED IN ORANGE-WHITE TO HONOR OCCASION

First Birthday of Princess and Visit of Great American.

Portugal and China Likely to "Mix It" a Bit.

PIERCE BATTLE IN ALBANIA.

Hague, April 30.—With the Roosevelt as the city's guests and the first birthday anniversary of Princess Juliana being celebrated, the Hague today enjoyed one of the greatest days in its history. In the princess' honor, Roosevelt wore a boutonniere of daisies. Everybody is in orange and white ribbons, the national colors. Great crowds followed Roosevelt, cheering. The Roosevelt visited the Rembrandt art gallery and the famous potteries at Delft, where souvenirs were given the party. At the embassy there was a big dinner tonight with Minister Beauvois and then a reception.

The party is making the Hotel Des Indes headquarters, but the hospitality is such that there is little use for a hotel. Roosevelt today expressed surprise at the continued enthusiasm of the people over the European trip, saying it far exceeds his anticipation.

Tomorrow the party will leave for Rotterdam.

## Clash Over Macao.

Lisbon, April 30.—Alarm is felt here today over the prospect of a clash with China over the boundary of Macao, a Portuguese dependency on the island of Macao at the west side of the entrance to the Canton river. Two Chinese gunboats and the Portuguese cruisers, Vasco De Gama and Patria, are now en route to Macao as the result of the refusal of Portuguese officials to recognize the boundary marks which have been in dispute for months. The Portuguese garrison at Macao is being reinforced and it sends word that it is in a position to successfully defend the town.

Terrible Battle. Constantinople, April 30.—A desperate battle is being fought between Turkish troops and Albanians between Salonika and Uebuk. The last dispatch received says the Albanians are retreating valiantly. The losses on both sides are the heaviest yet.

## Italy Is Covert.

Rome, April 30.—That Italy and Austria will quarrel, should Austria take advantage of the Turkish disturbance by seizing Albania or other Turkish territory, is the opinion of Italy's diplomats. Italy has long been desirous of some of Turkey's Adriatic possessions, and is now determined that, if any grabbing is done, she'll do her share. This, it is conceded, would probably lead to an imbroglio with Austria. The belief here is that the Albanian uprising will lead to civil war in Turkey.

## BALLINGER CHARGES ANTI-TAFT CONSPIRACY

Washington, April 30.—Vetres today accused Garfield, Pinchot and others of being in a political conspiracy to overthrow the president, who is distasteful to them.

## PADUCAH WILL ENTER KITTY LEAGUE IF A GO

Clouds vanished today at a meeting of the baseball enthusiasts when it was decided that Paducah will enter the Kitty league if it is made a go at Henderson tomorrow. The promoters will post the \$150 preliminary guarantee. Accordingly Mr. W. E. Cochran, treasurer of the league, and probably Mr. Richard Clements, president of the local association, will leave early Sunday morning for the league officials. After the preliminary guarantee will be posted the work of selling stock will be continued. Attempts were made to interest a few baseball enthusiasts to take the local franchise and maintain the club, but this was not effected, and the original plan

## Hiram Smedley Sentenced to Five Years in State Penitentiary For Forging Name to County Warrant

Former County Court Clerk Convicted Second Time for Peculations During His Term of Office.

Guilty and his term of punishment fixed at five years in the penitentiary was the verdict returned this morning by the special jury from Marshall county in the case of Hiram Smedley, charging with uttering and publishing forged checks. The verdict was returned early this morning, and was not a surprise as it was the general opinion that a conviction would be secured.

After able arguments by the attorneys on both sides the jury received the case yesterday afternoon about 5:30 o'clock. Owing to the fact that the jurors were exhausted from the trying day in court, little attempt was made to reach a verdict last night. The jurors last night all voted for a conviction, but left the term of punishment open until this morning. At 8 o'clock the jury reported at the court house and was sent to its room to deliberate. At 8:20 o'clock the jurors reported that a verdict had been reached. After thanking the jurors for their service, Judge William Reed dismissed them.

Indictment, No. 49, was continued by motion of the commonwealth, and all of the remainder of the charges against Smedley are set for trial at the special term in July. However, it is understood that a compromise may be made, whereby the convicted man will serve the term in the penitentiary, and all the remaining cases be dismissed. Negotiations of this character failed several months ago.

Second Conviction. This is the second time that Smedley has been convicted as at the civil term of court last fall he was convicted of publishing forged warrants and was given a sentence of six years in the penitentiary. Recently this was reversed by the appellate court and a new trial ordered.

Smedley was somewhat downcast over the verdict returned this morning, but stated that he was prepared to receive it.

No motion for a new trial was made this morning, as the attorneys probably will hold a consultation with the attorneys for the prosecution before any efforts are made for an appeal.

Attorneys S. H. Crossland and John K. Hendrick made an able defense for their client in the fact of overwhelming evidence. Commonwealth's Attorney John G. Lovett made a masterful summary of the evidence in his speech yesterday. County Judge Barkley was a strong witness as well as prosecutor in the trial. County Attorney Clay assisted in the prosecution, but did not argue it.

## Business About Over.

With the expiration of two weeks of the criminal session of circuit court practically all of the business for the term has been tried. Another week of the term remains, but at the present term many defendants were not ready for trial, and it was necessary to continue their cases. This morning Circuit Judge William Reed extended the time of the grand jury one week. The jurors are busy investigating the murder mystery in addition to the usual number of crimes reported.

Orders made this morning were: Commonwealth for Pool vs. H. Smedley; defendant, Title Guaranty & Surety company tendered and offered bill of exceptions.

Alce Dennington vs. James L. Hildreth; H. L. Harrison filed his

LEGISLATOR WHO TELLS OF LORIMER BRIBERY SUM-MONED TO CHICAGO.

Chicago, April 30.—State's Attorney Wayman today took official cognizance of the charges brought by Representative Charles A. White, Democrat, that he was offered \$11,000 to vote for William Lorimer for senator last year. In announcing that he had sent for White to come from O'Fallon, Ill., to Chicago, Wayman said if he finds it possible to prove White's charges, he will lay the whole matter before a special grand jury which convenes Monday to investigate corruption charges in connection with the pas-

Between 25 and 30 pupils are expected to take the examination, and the successful students will take part in the county commencement, May 27.

## School Census.

Today was the last day for the county school enumerators to turn in their work with County School Superintendent L. W. Frezer. This afternoon there were several sheets out, and it will take Professor Frezer some time to tabulate the report.

## Work on Skyscraper.

The first shipment of marble for the two lower floors of the office building at Fourth street and Broad way has been received, but it will be about two weeks before the work of placing the marble is started. Work of laying the first fire proof floor will begin next week. Before much more of the structural steel is placed in position it will be necessary to raise the large derrick to the fourth floor, as some of the steel for the fifth story has been placed in position.

## Inspection Trip.

After the meeting of the investigating committee yesterday afternoon, John T. O'Phant, president of the Vincennes Bridge company, County Judge Alben W. Barkley and Magistrate U. S. Walston made an inspection of the Clark's river concrete bridge. The work is progressing rapidly, and with good weather may be completed next week.

The couple was accompanied by Miss Pauline Wilson. They came to Metropolis on the steamer Cowling and returned to Paducah this afternoon.

## Arres's for April

During this month 37 warrants were issued against property owners in sewer district No. 1 for failing to connect their property. So far 115 connections have been made.

## PRESIDENT TAFT NEAR SCENE OF OLD TRAGEDY

Buffalo, N. Y., April 30.—President Taft is guest today at the Ashley Wilcox home, where Roosevelt took the presidential oath of office after McKinley's assassination. Across the street, visible from Taft's window, is the John G. Milburn home, where McKinley died. President Taft is working on this speech, which he will deliver at the Chamber of Commerce banquet tonight. Secretary of State Knox is with him. Remembering the assassination, an extra service squad is on duty. Taft went to the Chamber of Commerce this noon, where he received members. This afternoon he visited the state cancer laboratory and took an automobile ride. Captain Butt and several other members of the party took a trip to Niagara Falls in a

## Daily Thought.

God helps them that help themselves.—Benjamin Franklin.

What do the little oak trees grow from?

Ze Gendarme la Paducah—see what you call him?—Standez pat!

The way those Hopkinsville gentlemen ante-up for the "Kitty", indicates sporting blood.

Editor Beckham, of the Kentucky State Journal, denies that he is jealous of Colonel Watterson. It is true he has other cause than jealousy to dislike Marse Henry.

The Democratic newspapers of Kentucky may not be unanimous for McCreary, but they are "mighty nigh" unanimous in the opinion that they don't want Ben Johnson.

The statement of Theodore Roosevelt yesterday at The Hague that he was visiting the home of his ancestors, loses none of its significance when we recall that it is also the home of the stork.

Although either gentleman may fall short of absolute verity as to details, a disinterested observer would be justified in concluding from the testimony of Messrs. Glavis and Ballinger before the conservation probe committee, that somebody lied.

Sitting in the house, where Roosevelt took the oath of office, looking out upon the house where McKinley died, while he is writing it, might have a tendency to modify the spirit of President Taft's address before the Buffalo chamber of commerce tonight.

"It is one of the popular campaign schemes with the Republicans to have their allies, the trusts, to cheapen the articles of every day living for several months before an election." This hit of sound economic wisdom emanates from the sanctum of the Owensboro Inquirer, in explanation of the fact that the market reports record a sharp break in prices. We take it that the Inquirer advocates frequent elections.

British Ambassador James Bryce told the Kansas University students yesterday that "three fourths of the mistakes a man makes are made because he really does not know the things he thinks he knows." Wonderful truth in that. And nine-tenths of the troubles between men are due to misunderstandings. Presumptuous ignorance and indifference to the character and source of information, are no kin to that sort of ignorance, which is described as blisful.

"QUEERING" A NEWSPAPER. Newspapers acquire personality and character; their standing in the community is more like that of a human being in public life, than that of a business concern; and, like a man, its temperament, moral tone, relations to civic life and opinions reflect the nature of its business relations, the success or failure of its business policy and the methods of its business office. Of course, its views on public questions will be affected by its associations; and, if the business office meets reverses, look out for a pessimistic tone, sour temperament and erratic editorial policy.

People do not speak of the newspaper, which comes into their homes six days a week, in the way they speak of their grocer or the dry goods store they patronize. Its relation to them is more intimate, and while they may continue to subscribe for it, just as they continue the companionship of some childhood friend, they may consider it irresponsible or untruthful, if it deceives them deliberately or through carelessness too often.

Newspapers may become ridiculously egotistical, especially if their news stories devote too much attention to details of the reporters' experiences. Those incidents should be saved for the autobiography of the writer. Personal memoirs have no place in the news columns of a daily paper. The public is interested in what happened, not how the reporter found out that it happened. Anonymity is the badge of the true journalist.

The familiarity with current events, the inside facts of contemporaneous affairs, intimate knowledge of the man of the hour and the close touch with the people, minus the art-

## LOCAL INTEREST STORIES.

"Howdy, Mr. Sizemore? Shake hands. I've been aching to clasp your hand for two years. Here's your summons. Now you can live in the house, and till your farm in peace. I won't bother you any more."

This was the salutation Deputy United States Marshal Elwood Neel gave Silas Sizemore, known in the neighborhood of Cobb, on the Trigg-Caldwell frontier, as the "Red Fox" on account of the difficulty he and the deputy marshal experienced in getting acquainted. The cause of Neel's anxiety was a summons in the Eddyville night rider cases, which he nearly wore out during the two years patient search for Sizemore. Neel made more than one trip especially to find him, but always Sizemore was away. For a while it was said he was in California. This time Neel took a new driver, who knew Sizemore, and when they drove to the gate the

driver invited Sizemore out to the buggy. There the greeting took place, silent on Sizemore's part. He did not extend the usual Kentucky hospitality to the officer. He is a man of considerable property.

The Princeton Leader says: "The fact that the Hon. William Marble, of Paducah, has been selected to deliver the haccalaureate address to the city graded schools graduating class, assures great interest in the graduating exercises, which will take place at the Heortta theater Friday evening, May 27. There is no one better liked and nearer and dearer to the majority of Princeton people than Mr. Marble, and we are pleased to announce that he is to deliver the haccalaureate address above mentioned. There are seven members of the graduating class of the city graded school this year, which shows that good work has been accomplished."

## NOT WELCOME,

(Continued From Page One.)

where she positively identified the body as that of her son.

Alleged letters from the upper Tennessee, and stories that the youth had arrived at Birmingham alive to convince his mother, never moved the police. They stuck to the theory that the dead boy was "Red" Thompson and that the men under arrest know something of the crime.

## The Identification.

The identification of the dead boy was seemingly complete. The steamboat captain viewed the body and pronounced it that of "Red" Thompson, whom he knew as a former associate of Bert Guire, one of the suspects. Then a chambermaid of the boat was taken to the morgue. Complying with instructions from the police the captain did not tell the woman where she was going, and when she was taken into the morgue and shown the body, she exclaimed at once that it was "Red" Thompson.

The mother was brought to Paducah. She said the description she had tallied in every peculiarity with that of her son. The woman and the boy resembled each other greatly in the upper part of the face. The woman asked particularly about a certain scar, which her son and the dead boy both bore. She positively identified him. In an interview given The Evening Sun's Birmingham correspondent she said that the people of Decatur, Ala., who knew him best, all identified him, and the undertakers are so positive of the identity that they told The Evening Sun's Decatur correspondent they will disinter the body and make the identification doubly sure if the authorities request it.

## The Other Story.

The story that Thompson arrived home Wednesday morning was a plain fake; because The Evening Sun was in communication all day Wednesday with Birmingham and no such story was heard there.

Whether the story of the second "Red" Thompson is true or not, it is a significant fact that the story gained publicity just at a time when the grand jury had under investigation the circumstantial evidence against the men under arrest, and the peace officers have been somewhat disturbed by the reports; for it is said that Commonwealth's Attorney John G. Lovett received word yesterday that the resurrection is a hoax. It is believed indictments would have been returned before this if the story of "Red" Thompson being alive had not been sprung most opportunely.

The fact that Guire and Thompson were companions once is the serious feature in the case for Guire and Hale, and once "Red" Thompson is brought to life, much of the circumstantial evidence loses its significance. The mere fact that these two fellows, confessedly heating their way on trains, were along the track waiting for a train within a mile of the scene of the murder that morning, means nothing if some entire stranger to them and everybody is the dead man. On the other hand, if "Red" Thompson is the dead youth, and Bert Guire and a companion, who it may be proved were seen the day before intoxicated, were nearly trying to get out of town the coincidence is worthy of investigation, at least.

The steamboat mate, who paid Guire and Hale after they had a fight with the engineer a week before the murder, will testify. It is said the police have a woman, who said she saw Guire and Hale and a red-headed young fellow go down an alley, in which she was slipping beer from a pail, and knock at the door of a house, from which they were turned away. Then they passed her and they were quarreling. They were going in the direction of the Union station at the time. How closely the woman will identify the three men under examination remains to be seen; but the value of that, like the value of everything else, depends much on the identification of the dead man. At all events, the police insist that some one was murdered and that there were two suspects under arrest, and

time to get the right men and identify the dead man in the first instance.

The boy was murdered where he was found, because he bled to death there, as shown by the immense quantity of blood. He was stripped by his companions to conceal his identity, and therefore, the police, expected to find his murderers around the city. They had too much nerve or too little prudence to run.

Not a scintilla of evidence as to when or how the murdered boy came to Paducah has been discovered. That is the gap which the police would like to fill up; but they have hope that as the news of the crime spreads some one will appear with evidence on this point.

Their theory coincides with that of The Evening Sun, that the murder was the culmination of a drunken row, and that the murderers with drunken logic, thought they might as well finish the work so well begun, by stopping the youth's voice forever and then stripping him of means of identification. A sober man would have preferred chance for freedom. After having knocked him down they stuffed leaves in his mouth to stop his outcries, and then beat in his head. A sharp stump of a bush crushed in his temple when he fell.

The Hospital League.

The Hospital league met yesterday afternoon at 2:30 o'clock with Mrs. Louis Kelly, on North Eighth street. It was the final session for the year and was a purely business affair. The report of the year committee given in full was a most interesting feature. The chairman stated that a beautiful hedge had been set out, three dozen shrubs, trees and plants and the yard filled with ferns and the flower beds, containing the words "Riverside Hospital," so much admired last season, was again under way. It was also announced that four more of the mission sectional bookcases had been added to the four already placed in the hospital last year and that the library now contained 100 books of fiction and 12 volumes of medical science, donated by the league. Only the visiting and flower committees will continue their work during the summer.

can not be over estimated and any ailment that prevents it is a menace to health. J. L. Southern, Esq. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills and in a short time and now sleep as sound as a rock. I eat and enjoy my meals, and my general condition is greatly improved. I can honestly recommend Foley's Kidney Pills as I know they have cured me."—Gilbert's Drug Store.

## IN SOCIAL CIRCLES

Mrs. McKinney and Miss McNichols at Mobile.

Although the Confederate reunion is over at Mobile, Ala., and most of the veterans have returned home, the sponsors and maids of honor will not return for several days as they are the guests of the Confederate generals on a trip, which is a delightful social feature after the reunion. Miss Mabel McNichols, who was sponsor for the Kentucky veterans and Mrs. Roy McKinney, chaperone for Forrest's cavalry corps, are making the trip, and are expected home early next week.

The Mobile papers were generous in their space given to the Kentucky veterans and Daughters of the Confederacy. In the issue of April 27 of the Mobile Register is a half-ton of Mrs. Roy W. McKinney and also Miss Cecil Gordon, of Louisville, a maid of honor of the staff of Miss McNichols. A picture of Mrs. L. Z. Duke, of New York, was printed. Mrs. Duke was a cousin of General John B. Hood, and she built the chapel for the Kentucky Confederate home and presented it to the state. She also has raised funds for the erection of a monument at Fishing Creek, Ky., where many Confederate soldiers are buried.

Miss McNichols and her maids of honor were greeted by the general of the Kentucky division, with a band at the train and were entertained with a dinner and reception at the Battle House in the evening. They sustained admirably Kentucky's reputation for beautiful women at the big ball that night.

## Birthday Party.

The Philanthropic class of the Second Baptist church entertained last evening at the home of Miss Ola Johnson, 712 South Eleventh street, with a birthday social. Music was enjoyed by all and dainty refreshments were served. ## AFRAID TO STAY ALONE

Mrs. Moore, of Cherry Valley Was in Fear all the Time Till She Took Cardui, the Woman's Tonic.

Cherry Valley, Ark.—"I used to have blood, dizzy spells," says Mrs. Carrie Moore of this place, "and was in fear all the time that something was going to happen."

I had headache, nearly all the time, my heart would palpitate, my vitality was very low. When I would lie down, at night, I would have no hope of living until day.

I was afraid to stay by myself, and when I started out from the house I would not be sure of getting back. I had cold feet and hands, and my feet and legs would swell up, every month.

At last I began using Cardui, and I had taken 4 bottles before I could feel it was helping me. I continued to take it until I had used about 12 bottles and now I can say that I feel better than I have for 5 years, and am able to wash and cook for 5 to the family. I cannot praise Cardui enough, for what it did for me."

For you, lady reader, Cardui will do as much, as for the writer of this letter. If you will only give it a fair trial.

Cardui is a tonic. It helps steady the nerves, and builds up, new strength.

Dark house sold \$5.50 to \$12 with 10 rejections.  
Picked sold 3 burley at \$9.10 to \$11.75, and 21 dark at \$5.15 to \$10.

**Livestock.**  
Louisville, Ky., April 30.—The receipts of hogs were 369 head, for the week thus far 5,418 head. The pens were well cleared early in the day, and the market closed fully steady.

**Cattle.**  
The receipts of cattle were 118 head, for the week thus far 1,157 head. The buying crowd was slim, and made up of local talent, the demand in all directions was limited and the market inactive in every department with but little if any change to be noted. The nice handy butcher cattle sold fully steady, not many of that class coming, and the demand is very good, medium and inferior kinds, which kinds constitute the bulk of the offerings, were slow and drags to a shade off as compared with Monday. The feeder and stocker market was quiet with prices nominally steady, a very good demand continues for the best grades. Bulls steady, canners dull, choice milk cows and fancy springers in good demand, common cows slow. No prime heavy cattle here, feeding a little easy owing to the condition of other markets.

**Culves.**  
Receipts 135, for the week thus far 595. The market ruled steady, bulk of the best 7 1/2 @ 7 7/8c, some fancy higher, medium 5 1/2 @ 7c, common 2 1/2 @ 6c.

thus far 666. The market ruled steadily with a good demand for choice fat sheep and good fall lambs, the best sheep 6 @ 7c, best fall lambs 8c down, common sheep and trashy cull lambs slow. Hogs—Receipts 4,000; market 10c higher. Pigs and lights \$8.60 @ 9.00; packers \$9.25 @ 9.50; butchers and best heavy \$9.45 @ 9.70. Sheep—Receipts 560; market steady. Native muttons \$7.50 @ 8.50; lambs \$9 @ 9.65.

**Hun's Weekly Review.**  
New York, April 30.—Conditions in business are still irregular, but the volume of trade continued heavy. Certain unfavorable developments apparently have been exaggerated, and their effect on the business sentiment has been out of proportion to their real significance. Much, as usual, depends this year upon the crops.

No concerted action has been taken to curtail the production of pig iron, but several more furnaces have blown out and others are expected to do likewise.

The primary dry goods markets are steadier but still rule generally quiet, cotton goods are a shade firmer, as shown by an advance of 1/4 cent on drills and sheetings, and the curtailment of production is steadily increasing. There is seasonable quiet in the jobbing trade, but retailers buy steadily and carefully without desire to anticipate beyond their immediate requirements. Duplicate orders for fall men's wear wadens are coming in, but the trade in wadens rules quiet. More favorable prices in the worsted yarn markets promise wider buying in the near future. The dress goods trade continues light.

A good volume of new orders for next fall run have been received by shoe manufacturers.

## CHURCH WANTS HALF-MILLION

BISHOP HOSS SPOKE FOR THE INCREASE WANTED.

He said that the Methodist Church could give \$750,000 for Missions, Prince T. H. Yun.

WILL USE IT FOR MISSIONS.

Nashville, Tenn., April 30. After a three days' session the board of missions of the Methodist Episcopal church, south, closed its conference. The chief feature of the session was the decision by the board to raise the assessment for foreign missions to \$500,000.

It seems that for the past several years the mission board has not had sufficient funds with which to meet its obligations in the foreign field. This is attributed to the fact that the church as a whole has been giving more to special than to the mission cause through its organized body of missions workers.

Bishop Hoss, in giving his reasons for the increase, said:

"It is the business of this board to determine the amount necessary to meet the obligations of the southern Methodist church in the foreign field. After they have determined the amount necessary, it is their business to appeal to the church for the amount. Assessments should be large enough to meet the demands of the church, therefore there is no reason why we should not ask for it. For why the church should not meet its obligations. You need never be afraid you'll get too much out of a Methodist brother; they have the most amazing power of self-protection you ever heard of (laughter). I am in favor of raising the assessment to \$500,000 if necessary."

The resolution to adopt an assessment of \$500,000 for the coming year was then brought before the board for action. It was adopted, the measure being opposed by only two members of the board.

At the morning session a most interesting lecture was given before the board by Rev. T. H. Yun, one of the foremost men of the day in Corea.

The rest of the morning and a part of the afternoon was occupied by action on the various appropriations.

## REPORTERS NOT ALLOWED TO HEAR

EVIDENCE IN BRIDGE PHONE IS SUI ROSA.

Mr. Oliphant Testifies and is Accompanied by a Vincennes Attorney.

TWO MAGISTRATES PRESENT

Behind closed doors yesterday afternoon the evidence of John T. Oliphant, president of the Vincennes Bridge company, of Vincennes, Ind., was heard by the special committee appointed by the board to investigate the alleged bridge graft. Only Mr. Oliphant was before the committee, as he was in the city, and it was explained that other people would be summoned at the next session of the committee.

Present at the meeting were Magistrates C. S. Walston and J. T. Housholder. Magistrate G. M. Spitzer was absent. County Attorney Sanders E. Clay, Mr. Oliphant and a stenographer were the only other persons present.

Mr. Oliphant arrived in the city yesterday for the purpose of giving his testimony before the committee. At the appearance of a reporter for The Evening Sun, County Attorney Walston asked the committee if newspaper reporters were desired. Chairman Walston answered in the negative, and the first session of the committee was as private as the session of the committee that investigated the alleged bridge graft. However, a stenographic report of the evidence was made.

President Oliphant was accompanied by Attorney J. W. Emerson, of Vincennes, for the purpose of looking after the damage suit filed by Connelman W. L. Hower against Mr. Oliphant for the affidavit he is alleged to have signed and published during the campaign.

## S.S.S. PURELY VEGETABLE

It is a generally recognized fact that medicines taken from the botanical kingdom are better adapted to the delicate human system, and safer in every way, than those composed of strong mineral mixtures.

In the early settlement of this land, our forefathers were obliged to procure their medicines from Nature's great laboratories of forest and field. They searched out and compounded the different vegetable materials into tinctures, concoctions and medicines. That these pioneers found the most potent and valuable of the roots, herbs and barks placed at their disposal, is abundantly proven by the fact that the great majority of them were blessed with rugged health. They cured their diseases and were enabled to do the great preliminary work of civilization because the remedies they used were Nature's remedies, and specially adapted to the needs of humanity.

Among the very best of these vegetable preparations is S. S. S., a medicine made entirely of roots, herbs and barks in such combination as to make it the greatest of all blood purifiers and the finest of all tonics. S. S. S. does not contain the least particle of mineral in any form, and is absolutely a safe medicine for any one to use.

While purifying the blood this great vegetable remedy builds up and strengthens every portion of the system. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Malaria, Scrofula, Skin Diseases, Contagious Blood Poison, hereditary taints, and all other diseases and disorders caused by impure or polluted blood.

As a tonic S. S. S. is unequalled. It invigorates every portion of the system, and the healthy blood it creates largely assists in overcoming any derangement of the digestive system. If you are suffering from any blood trouble, or need a tonic to build up your constitution, you could not do better than to take S. S. S., a medicine that is in no degree harmful. Book on the blood and any medical advice free.

## ILL HEALTH

PROMPTED YOUNG WOMAN TO DESPERATE END.

Miss Helen Hughes, of 1414 Harrison Street, Southwark Hotel, Paducah, Ky.

Ill health prompted Miss Helen Hughes, of 1414 Harrison street, to swallow two ounces of laudanum Thursday night, and in spite of the heroic work of physicians who were called shortly afterwards, she died at 4:30 o'clock yesterday afternoon. Miss Hughes was unconscious yesterday and no statement could be got from her. She had been in bed about several months.

She was the daughter of Mr. and Mrs. J. T. Hughes, for many years residents of this city, and leaves many friends. She leaves one brother, Mr. Russell Hughes, a member of the fire department, and one sister, Mrs. Mahel Whitman, of Mt. Vernon, Ind. The funeral will be held at 10 o'clock tomorrow morning at the family residence. The Rev. J. H. Clark, pastor of the North Twelfth Street Baptist church, will officiate. Burial will be in Oak Grove cemetery.

## Your Neighbors Can Tell You

No doubt, if you yourself don't know, of many marvelous cures of Stomach, Liver, Blood and Skin affections that have been made by the use of Dr. Pierce's Golden Medical Discovery, for it has a most successful record of over 40 years.

These CURES embrace also many bad cases of Weak Lungs, lingering Coughs, Bronchial, Throat and Lung affections, some of which, no doubt, would have run into Consumption, had they been neglected or badly treated. We don't mean to say that the "Golden Medical Discovery" will cure Consumption when fully seated, but it will strengthen weak lungs, improve digestion, and make pure, rich, red blood thereby overcoming and casting out disease-producing bacteria and giving robust, vigorous health.

### OFFICIAL CHANGE

NECESSITATED BY ALTERATIONS OF TERMINALS.

Several changes in the officials of the Illinois Central railroad have been made as a result of the Birmingham division becoming the Birmingham district of the Tennessee division, and the Jackson district transferred from the Tennessee division to the Mississippi division. Bulletins have been posted announcing the changes which will become effective May 1.

John H. Alvey, until five years ago a popular operator in the service of the company in Paducah, is promoted from assistant to chief train dispatcher of the Cairo and Fulton districts, with headquarters at Fulton. The promotion is merited and his many Paducah friends are pleased to see him advance. Mr. Alvey will succeed Robert M. Alford, who is promoted. Harry B. Degonia succeeds Mr. Alvey as assistant dispatcher. By the change of the Birmingham

division to the Birmingham district the jurisdiction of the Tennessee division officials is extended to include the whole district. John J. Gaven, superintendent of the Tennessee division, will succeed Tracey L. Dublin, superintendent of the Birmingham division. Jacob G. Neiderer, superintendent of the Mississippi division, will have jurisdiction of the Jackson district. Another change is the increase of the jurisdiction of Thomas H. H. superintendent of the Louisiana division, to include the New Orleans terminals and the headquarters are moved from McComb, Miss., to New Orleans, succeeding Oliver M. Dunn. Bulletins have been posted offering \$1,000 reward for the arrest and conviction of each of the persons guilty of wrecking Illinois Central passenger train No. 2, near Jackson, Miss., April 18.
